1982 EDITORIAL INDEX

AIR POLLUTION CONTROLS

Data Bases for Environmental Engineers . . . Jan.
Determine SO_2, Emitted and Required Removal System Efficiency . . . Jan.
Manufacturer Conserves Fuel with Electrostatic Precipitators . . . Feb.
Become an Atomic Detective . . . Feb.
Making O&M Part of the Plan . . . March
A New Business Opportunity for the 80s . . . March
Tips for Making It With Wire Cloth . . . March
Dry FGD System Meets Clean Air Standards . . . March
Improved Efficiency with Low Excess Air Burners . . . April
Cartridge Filter Dust Collectors . . . April
Environmental Control Technology Advances for Coal-Fired Power Plants . . . April
Ray D. Nixon Powers Up While Keeping Dust Down . . . April
Conditioning Power Plant Flue Gas . April
Coated Filter Bags Provide Trouble-Free Service . . . May
The Clean Air Amendments - Bogged Down . . . and Out? . . . June
Nickel Alloys Keep FGD Systems Performing . . . June
FRPs for ESPs . . . June
Effective Sampling and Analysis of Laboratory Chemical Emissions . . . June
Dust Control System for Atlanta Newspapers . . . June
Disk Pelletizing Solves Furnace Dust Disposal Problem . . . July
Catalytic Converter Solves Hydrocarbon Pollution Problem . . . July
The Need for Environmental Audits . July
Pyrolytic Incineration Destroys Toxic Wastes, Recovers Energy . . . July
How to Find Particulate Transport Velocity in Ducts . . . July
How to Check Scrubber Entrainment July
Coping with Reduced Steam Loads . Aug.
Solar Cells Power Monitors in Remote and Cold . . . Aug.
Small Companies Can Cogenerate with Waste Heat . . . Aug.
1982 PE 5 Star Awards . . . Sept.
The Hazardous Waste Regulation Maze . . . Nov.
12 Hour TLVs . . . Nov.
Estimating Heat of Combustion for Waste Material . . . Nov.
Diagnostic Test Burning of Hazardous Waste . . . Nov.
"Bubble" Pollution Control . . . Nov
Welding Fumes Removed from Auto Assembly Plant . . . Nov.
1982 EPA Annual Report . . . Dec.

CHEMICAL TREATMENT

Feeders Solve Sludge Problem . . . March
Biological Process Troubleshooting . March
Rating Sludge Dewatering Devices . March
Express Foods Feeds New Life into Vermont Economy and Environment . . . April
Ray D. Nixon Powers Up While Keeping Dust Down . . . April
Conditioning Power Plant Flue Gas . April
Industrial Wastewater Treatment Plant Model . . . June
Performance Testing Belt Filter Presses . . . July
Steps to Make Your Treatment Plant More Energy Efficient . . . Aug.
Coping with Reduced Steam Loads . Aug.
Small Companies Can Cogenerate with Waste Heat . . . Aug.
Using Sludge on Land Raises More then Crops . . . Sept.
System Built to Satisfy Plating Waste BACT . . . Sept.
Managing Aerobic Digester Solids . . Sept.
Motionless Mixing - The Inline Treatment Method . . . Sept.
Computer Labels Save Time and Doubt . . . Nov.
New Process Encapsulates Hazardous Waste . . . Nov.
Toxicity/Treatability Testing . . . Nov.
"Bubble" Pollution Control . . . Nov.

COATINGS AND CONSTRUCTION MATERIALS

Advantages of Pultruded Fiberglass Feb.
Nickel Alloys Keep FGD Systems Performing . . . June
FRPs for ESPs . . . June
Solar Cells Power Monitors in Remote and Cold . . . Aug.
Custom Roll Formed Shapes for Pollution Control . . . Sept.
Aluminum Replacing Steel on Water Tanks . . . Nov.

COMPUTERS AND DATA SYSTEMS

Data Bases for Environmental Engineers . . . Jan.
Computerized System Monitors Petrochem Waste Stream . . . April
Emergency System for Toxic Chemical Releases . . . July

ENERGY CONSERVATION

How Much Can You Really Save by Shutting Off Motors? . . . Jan.
Manufacturer Conserves Fuel with Electrostatic Precipitators . . . Feb.
Improved Efficiency with Low Excess Air Burners . . . April
Desalting System Slashes 25% Off Energy Use . . . April
Nickel Alloys Keep FGD Systems Performing . . . June
The Need for Environmental Audits . July
Pyrolytic Incineration Destroys Toxic Wastes, Recovers Energy . . . July
Steps to Make Your Treatment Plant More Energy Efficient . . . Aug.
Can Black Wastes Turn Into Gold? . . Aug.
Coping with Reduced Steam Loads . Aug.
Solar Cells Power Monitors in Remote and Cold . . . Aug.
Small Companies Can Cogenerate with Waste Heat . . . Aug.
1982 PE 5 Star Awards . . . Sept.
Motionless Mixing - The Inline Treatment Method . . . Sept.
Waste Oil—A Slippery Techno-Legal Problem . . . Nov.
Estimating Heat of Combustion for Waste Materials . . . Nov.
Diagnostic Test Burning of Hazardous Waste . . . Nov.
Discarded Rubber Tires Become Energy Producers . . . Nov.

HAZARDOUS AND SOLID WASTES

Industrial Waste Exchanges . . . Jan.
Analysis of Hazardous Pollutants . . . Feb.
Identifying and Measuring Hazardous Spills on Site . . . Feb.
Making O&M Part of the Plan . . . March
A New Business Opportunity for the 80s . . . March
DO System Cuts Energy and Maintenance Costs . . . March
Tips for Making It With Wire Cloth . . . March
Rating Sludge Dewatering Devices . March
Truck Mounted Vacuum Cleaners Keep Utilities on Line . . . March
Supersucker Cleans Up Railway Spills . . . April
Environmental Control Technology Advances for Coal-Fired Power Plants . . . April
Efficient Resource Recovery at Illinois Waste Disposal Unit . . . May
Fluid Bed Combustion of Sludges Economically Attractive . . . May
Centrifuge a Key Part of Oil Refining Plant . . . June
Effective Sampling and Analysis of Laboratory Chemical Emissions . . . June
Disk Pelletizing Solves Furnace Dust Disposal Problem . . . July
System Provides Zero Discharge and Recycles Water and Oil from Waste . . . July
Cleaning Up Farm Site 1 . . . July
Skid Mounted System Gives California Haz Wastes Hot Time . . . July
The Need for Environmental Audits . July
Emergency System for Toxic Chemical Releases . . . July
Pyrolytic Incineration Destroys Toxic Wastes, Recovers Energy . . . July
Performance Testing Belt Filter Presses . . . July
Thirteen Years of Service for Bin Activator . . . Aug.
Can Black Wastes Turn Into Gold? . . Aug.
Small Companies Can Cogenerate with Waste Heat . . . Aug.
When the Transformer Tipped Over . Aug.
1982 PE 5 Star Awards . . . Sept.
Using Sludge on Land Raises More Than Crops . . . Sept.
System Built to Satisfy Plating Waste BACT . . . Sept.
Managing Aerobic Digester Solids . . Sept.
The Hazardous Waste Regulation Maze . . . Nov.
Waste Oil—A Slippery Techno-Legal Problem . . . Nov.

Build Your Own Portable Spill Kit.... Nov.
Estimating Heat of Combustion for Waste Material..... Nov.
Diagnostic Test Burning of Hazardous Waste..... Nov.
New Process Encapsulates Hazardous Waste..... Nov.
Discarded Rubber Tires Become Energy Producers..... Nov.
Centrifuges Cut Oil Change Costs in Half..... Nov.
1982 EPA Annual Report..... Dec.

INSTRUMENTATION AND ANALYSIS

Data Bases for Environmental Engineers..... Jan.
New Nitrogen Analyzing System Suitable for Portable Laboratories. Feb.
Become an Atomic Detective..... Feb.
Analysis of Hazardous Pollutants.... Feb.
What You Should Know About Industrial Wastewater Surveys.... Feb.
Identifying and Measuring Hazardous Spills on Site..... Feb.
DO System Cuts Energy and Maintenance Costs..... March
Express Foods Feeds New Life into Vermont Economy and Environment..... April
Computerized System Monitors Petrochem Waste Stream..... April
Microprocessor Balances Speed Coal Tests..... May
Video Equipment at Nuclear Power Plant..... May
Industrial Wastewater Treatment Plant Model..... June
DO Monitor Helps Verify Model..... June
Nickel Alloys Keep FGD Systems Performing..... June
Effective Sampling and Analysis of Laboratory Chemical Emissions... June
Bellows Improves High-Altitude Sampling..... June
Cleaning Up Farm Site 1..... July
Emergency System for Toxic Chemical Releases..... July
How to Find Particulate Transport Velocity in Ducts..... July
How to Check Scrubber Entrainment July
Techniques to Improve Solids Measurement..... Aug.
Solar Cells Power Monitors in Remote and Cold..... Aug.
Knock knock. Who's There? OSHA! . Aug.
1982 PE 5 Stars Awards..... Sept.
Automated Sampling System More Reliable than Old Miss..... Sept.
System Built to Satisfy Plating Waste BACT..... Sept.
Managing Aerobic Digester Solids .. Sept.
Computer Labels Save Time and Doubt..... Nov.
12 Hour TLVs..... Nov.
Estimating Heat of Combustion for Waste Materials..... Nov.
Toxicity/Treatability Testing..... Nov.

NOISE AND RADIATION

Acoustic Enclosure for Tenoner..... Feb.
Become an Atomic Detective..... Feb.
Blow Down Mutes Silence Steam Exhausts..... March
Environmental Control Technology Advances for Coal-Fired Power Plants..... April
The Need for Environmental Audits . July
Knock knock. Who's There? OSHA! . Aug.
1982 PE 5 Star Awards..... Sept.

O&M EQUIPMENT AND SERVICES

How Much Can You Really Save by Shutting Off Motors..... Jan.
Biological Process Troubleshooting . March
Making O&M Part of the Plan..... March
A New Business Opportunity for the 80s..... March
DO System Cuts Energy and Maintenance Costs..... March
Get More Out of High Speed Pumps March
Tips for Making It With Wire Cloth... March
Rating Sludge Dewatering Devices . March
Improved Efficiency with Low Excess Air Burners..... April
Fast and Effective Sewer Rehabilitation..... May
Coated Filter Bags Provide Trouble-Free Service..... May
FRPs for ESPs..... June
How to Check Scrubber Entrainment July
Steps to Make Your Treatment Plant More Energy Efficient..... Aug.
Coping with Reduced Steam Loads . Aug.
When the Transformer Tipped Over . Aug.
Automated Sampling System More Reliable Than Old Miss..... Sept.
Don't Drink Your Wastewater. Check for In-Plant Cross-Connections.... Sept.
Wire Reinforced Expansion Joints Outperform Traditional Materials .. Sept.
Build Your Own Portable Spill Kit.... Nov.
Belt Filter Press Improves Treatment Plant Operations..... Nov.
Centrifuges Cut Oil Change Costs in Half..... Nov.

PUMPS, PIPES, VALVES

Get More Out of High Speed Pumps March
Computerized System Monitors Petrochem Waste Stream..... April
Desalting System Slashes 25% Off Energy Use..... April
Express Foods Feeds New Life into Vermont Economy and Environment..... April
Fast and Effective Sewer Rehabilitation..... May
Industrial Wastewater Treatment Plant Model..... June
Pump and Pipe Provide Big Savings for Moving Sludge..... July
Skid Mounted System Gives California Haz Wastes Hot Time... July
Performance Testing Belt Filter Presses..... July
Steps to Make Your Treatment Plant More Energy Efficient..... Aug.
Can Black Wastes Turn Into Gold?.. Aug.
Coping with Reduced Steam Loads . Aug.
System Built to Satisfy Plating Waste BACT..... Sept.
Don't Drink Your Wastewater. Check for In-Plant Cross-Connections.... Sept.
Motionless Mixing - The Inline Treatment Method..... Sept.
Managing Aerobic Digester Solids .. Sept.

VIEWPOINTS

Plan for '82..... Jan.
It's Your Ball Game..... Feb.
Thinking about O&M..... March
Double Think or Double Cross from EPA?..... May
This is the Way the Cookie Crumbles June
Stop this Whirl, I Want to Get Off! ... July
I've Got The Word..... Oct.
A Rocky Mountain Thanksgiving .... Nov.
Look What Santa Has Brought..... Dec.

WASTE AND WASTEWATER TREATMENT

Data Bases for Environmental Engineers..... Jan.
Flocculating Clarifiers Solve Wastewater Problem..... Feb.
What You Should Know About Industrial Wastewater Surveys.... Feb.
Identifying and Measuring Hazardous Spills on Site..... Feb.
Diffusers Solve Problem at Wastewater Plant..... March
Feeders Solve Sludge Problem..... March
Biological Process Troubleshooting . March
A New Business Opportunity for the 80s..... March
Get More Out of High Speed Pumps March
Tips for Making It With Wire Cloth... March
Rating Sludge Dewatering Devices . March
Microscreens Remove Algae in Wastewater Treatment Lagoon.... March
Centrifuges Remove Elemental Sulfur from Natural Gas..... March
Custom Membrane Extends Ultrafilter Life..... April
Rolling Mill Cooling Requirements Keep Water Quality Operators on Toes..... April
Environmental Control Technology Advances for Coal-Fired Power Plants..... April
Express Foods Feeds New Life into Vermont Economy and Environment..... April
Computerized System Monitors Petrochem Waste Stream..... April
Desalting System Slashes 25% Off Energy Use..... April
Fluid Bed Combustion of Sludges Economically Attractive..... May
Solution of Wastewater Problems.... June
Industrial Wastewater Treatment Plant Model..... June
DO Monitor Helps Verify Model..... June
System Provides Zero Discharge and Recycles Water and Oil from Waste..... July
Solution Saver..... July
Dual Media Deep Bed Filters Clean Up Produced Brines, Feeds..... July
Pump and Pipe Provide Big Savings for Moving Sludge..... July
Skid Mounted System Gives California Haz Wastes Hot Time... July
The Need for Environmental Audits . July
Performance Testing Belt Filter Presses..... July
Metal Recovery Means Big Savings to Electronics Company..... Aug.
Thirteen Years of Service for Bin Activator..... Aug.
Cost Cut for Disposal of Oily Wastewater..... Aug.
Wastewater Treatment for Import Auto Processor..... Aug.
Steps to Make Your Treatment Plant More Energy Efficient..... Aug.
Techniques to Improve Solids Measurement..... Aug.
Process Concentrates Wastewater, Improves Cooling & Saves Energy Sept.
1982 PE 5 Star Awards..... Sept.
Using Sludge on Land Raises More than Crops..... Sept.
Automated Sampling System More Reliable than Old Miss..... Sept.
System Built to Satisfy Plating Waste BACT..... Sept.
Don't Drink Your Wastewater. Check for In-Plant Cross-Connections.... Sept.
Motionless Mixing - The Inline Treatment Method..... Sept.
Managing Aerobic Digester Solids .. Sept.
The Hazardous Waste Regulation Maze..... Nov.
Computer Labels Save Time and Doubt..... Nov.
Waste Oil—A Slippery Techno-Legal Problem..... Nov.
Build Your Own Portable Spill Kit.... Nov.
Toxicity/Treatability Testing..... Nov.
Belt Filter Press Improves Treatment Plant Operations..... Nov.
Aluminum Replacing Steel on Water Tanks..... Nov.
1982 EPA Annual Report..... Dec.
